

ROUND AND ROUND THE GARDEN

Original lyrics and music by unknown

**Round and round the garden,
Like a teddy bear.
One step, two steps,
Tickle you under there.**

**Out in the garden,
Sat a little hare.
The bow-wows came,
And chased him right up there.**

**Round and round the race course,
Catch a little hare.
One step, two steps,
Tickle you under there.**
